GAS CONTROL 400g in display

Technical Data Sheet

Product	Technological gas leakage detector
Model	Gas Control Oxyturbo (display of 12 pcs)
Type	Aerosol Spray with Acc-U-Sol valve
Customs tariff no	34022020
Barcode	8011971405000
Filling solution	Surfactant and non-ferrous corrosion inhibitors in aqueous solution
Propellant	Nitrous oxide (N2O)
Volume/Weight content	Total volume 520ml-Product weight 400gr
Filling pressure	6,5+0,5Bar a 20°C
Container	Aluminum AL99,5 according to UNI EN 573-3:1996
Valve	Acc-U-Sol valve
Standard	Approval certificate DVGW n°NG5170BM0318
Article marking	production batch no - production week/year
Weight g / pc	460 g / pc
Master-carton - weight	2x12 - 12,25Kg
Dimensions master-carton	43x29x24 (Cm-b x p x h)
Use provisions	Don't use the product on electrical networks, free flames or on incadescent parts
